

## INSTRUCTION

### Community Service

The Board recognizes that volunteering connects students to their communities and provides an opportunity for students to practice and apply their academic and social skills in preparation for entering the workforce. The Board further recognizes that community service is associated with increased civic awareness and participation by students, and can inspire students to continue their education and skill development beyond high school. Students are encouraged to participate in community service activities as a part of their high school experience. The District shall provide an incentive program to recognize students for achievement in community service. The superintendent will develop procedures in order to implement this policy.
