

COMMUNITY RELATIONS

Cooperative Programs with Other Districts and Public Agencies

Whenever it appears to the economic, administrative, and educational advantage of the District to participate in cooperative programs with other units of local government, the superintendent shall prepare and present for the Board's consideration an analysis of each cooperative proposal.

Cooperative agreements shall comply with the requirements of the Interlocal Cooperation Act, with assurances that all parties to the agreement have the legal authority to engage in the activities contemplated by the agreement.

Relations With Other School Districts

It shall be the policy of the Central Kitsap Board of Directors that no official action or public statement on an issue of no immediate concern to the Central Kitsap School District be taken or made to reflect adversely upon the position of a neighbor district on an issue current in such district. The Central Kitsap Board of Directors recognizes that the local district has access to complete information and is in the best position to take wise action.
