Contractor Assurances, Surety Bonds, and Insurance

No contract shall be let to any contractor who is not licensed or registered as required by the laws of this state. Nor shall a contractor be granted a contract unless a statement is submitted and sworn to which states that the contractor is in compliance with the state laws relating to prevailing wage and residence requirements for public works and with state and federal laws relating to nondiscrimination in hiring. Such a statement may be a provision or clause in the contract.

Contractor Surety Bonds and Insurance

When required, each contractor's bid must be accompanied by a certified or cashier's check or bid bond in the amount of at least five percent of the total bid amount, excluding taxes. Bid deposits pursuant to this policy may be based upon the architect's estimated cost of construction. Any bid that is not successful shall entitle the bidder to a refund of its security or bond. The successful bidder shall have his bond or security retained until such a time as it is determined that the bidder shall complete the contract. All bids received shall specify whether the District or the contractor shall carry fire, liability, or other insurance during construction.

The successful bidder is required to make, execute, and deliver to the board a good and sufficient performance bond with two or more sureties or a surety company, which shall state that the contractor shall execute and faithfully perform the provisions of the contract and shall pay all subcontractors and material men as required by law. On projects estimated to cost less than \$7,500, these requirements may be waived by the assistant superintendent for business and operations.
