### **Insurance Information**

Each student participating in athletic activities is required to have medical insurance that covers injuries. Please visit your school office or the District office and ask for a brochure on Student Accident Insurance.

This school strives to protect each student from possible injury while engaging in school activities. The guidelines and/or practices identified below have been established for this activity in order to protect the student and others from injury and/or illness. Participants and their parents should recognize that conditioning, nutrition, proper techniques, safety procedures, and well-fitting equipment are important aspects of this training program. ### **Safety Guidelines**

When a person is involved in any athletic activity, an injury can occur. One should be aware the information presented in these safety guidelines is to inform the athlete of proper techniques and inherent dangers involved with BASEBALL/FASTPITCH. There is a chance of broken bones, muscle and soft tissue and back injuries, which could lead to some form of paralysis. Not all potential injury possibilities in this sport are listed, but athletes should be aware that fundamentals, coaching and proper safety equipment are important to the safety and enjoyment of the sport.

1. Proper warm-up is essential before strenuous activity takes place.
2. Proper protective equipment required by rule must be worn at practices and in competition.
3. Perform only those skills and techniques as instructed and/or supervised by your coach.
4. Travel to and from off-campus facilities and practice/competition sites must be in accordance with school procedures.
5. Remove all jewelry and metal hair fasteners and other body adornments as required by rules and regulations for baseball.
6. If you wear eyeglasses, contact the coach for proper fitting of safety lenses, appropriate frames that are compatible with baseball. If you have a bi or tri-focal lens, contact your doctor to provide the best len(s) combination for playing where tracking a fast moving object is paramount.
7. The bat can be potentially dangerous. Use only approved bats and use bats for their intended purpose.
8. Be aware of your surroundings both home and away including but not limited to batters warming up, thrown bats, thrown or batted balls, out-of play markers or boundaries including fences or railings and field conditions such as holes, lips on grass infields and lighting conditions.
9. One person at a time in the on-deck-circle. Swing only one bat while taking practice swings. Use a bat ring that will not slide off the thick end of the bat.
